

MST-C Release Notes

Build: July 10, 2023

The following improvements have been slated for the July 10, 2023 MST-C release.

MST-C Changes

Update to multi-vehicle trade in leads

When a Confirm Availability, Start Purchase or Positive Equity Lead is submitted and multiple trade-ins have been applied, the lead information will show the valuation of each vehicle, along with the VIN, year, make and model.

Taxes & Fees Configuration Update

An enhancement has been made that will allow for the dealer's taxes and fees default configuration in MST to match what's displayed in MST-C when a vehicle is accessed in MST. Additionally, when a vehicle's configuration has been shared and pricing details have been selected, the taxes and fees setting will mirror what's selected in MST.
