

MST-C Release Notes

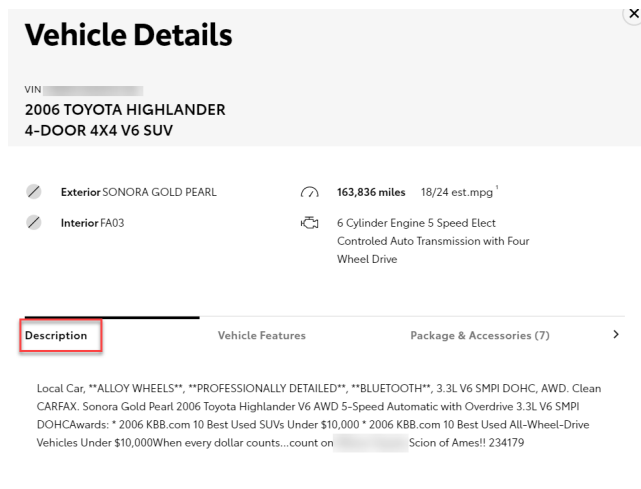

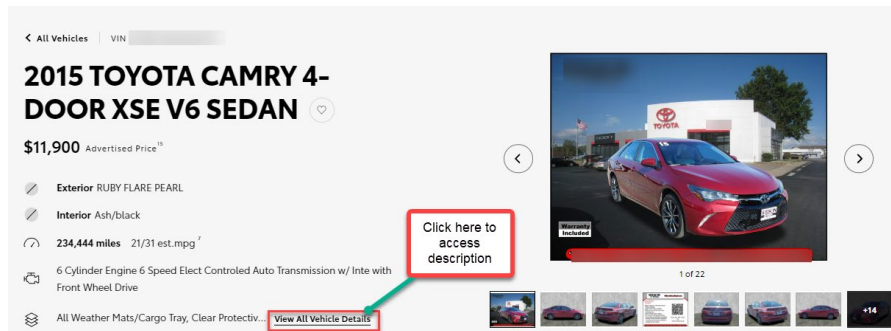

Build: March 13, 2023

The following improvements have been slated for the March 13th MST-C release.

MST-C Changes

Vehicle Description for Used and Certified

Customers will now have the ability to view dealer-specific descriptions/comments for used and certified vehicles. If provided by the dealer, these descriptions can be found under the View All Vehicle Details link on the VDP of the vehicle, under the Description tab.

Delivery Processing & Handling Update

The word 'fee' has been removed from the Delivery Processing & Handling line items going forward in MST-C in order to comply with various state regulations.

Removal of MSRP filter from Model Selection Page

The MSRP filter has been removed from the Model Selection Page, but is still available on the Vehicle Listing Page. This is being removed due to the filter only considering the starting MSRP of each model, which could filter out available vehicles when the parameters are adjusted.

Bug Fixes

Confirm Availability – Zip Code Update

An update has been made to call the payment service upon a customer typing in a different zip code instead of having to click a button or tab to the next field.

Window Sticker

For new vehicles when a window sticker is available and pop-ups are blocked by a customer's browser, an update has been made to allow for the accessibility of the window sticker.
