DIO Administration – Display By Priority

DIO Administrators can establish sort priority in DIO Admin, which controls the display sequence of accessories in MST (Mobile Sales Tool) and MST-C (Console) applications.

In DIO Administration, from the Accessory – Detail screen:

The screenshot shows the 'Administration' section for an accessory. The breadcrumb trail is 'Parts > Packages > Administration'. A back arrow is visible. The accessory is identified as 'Genuine' with a 'PT949-47160-02' part number and 'Universal Tablet Holder - Black' description. The 'Pricing' section shows an Invoice price of 59.00 and an MSRP of 79.00. The 'Retail Price' section shows a 'Cost to Sales' breakdown: Base (CUSTOM) at 79, + Parts Dept. Markup at 0, + Labor at 0 hr x \$80, and + Sales Dept. Markup at 0, resulting in a total of \$79.00. The 'Configuration' section is circled in green and contains a 'Display Priority' dropdown menu set to '1'. A green arrow points from the left sidebar to this section.
